

# Free Book for Your Library

Join Andrew, a five-year-old boy from Massachusetts, as he guides us through his first year of living with type 1 diabetes. *Year One with Type One* begins with Andrew's stay at the Children's Hospital and continues with his new routine at home.

Through the eyes of Andrew, you'll discover how he manages his condition while also managing to find fun along the way. Type 1 diabetes is a very serious condition, but that doesn't stop Andrew from living life to its fullest.

He accomplishes this through his perseverance, his positive attitude, and the love of his friends & family. Andrew's story demonstrates

why he is an inspiration to everyone around him. But more importantly, it proves that having diabetes doesn't (and shouldn't) hold him back.

*Year One with Type One* – The Wisconsin Lions Foundation is looking to promote diabetes awareness by providing free children's books. We request the assistance of clubs in distributing these books to each library that is located in your community.

If your club would like to order the book, please email the Foundation at [wlf@wlf.info](mailto:wlf@wlf.info) with the information below or use the order form below.
